

01

The screenshot shows the Spyder Python IDE interface. At the top, a message states "Code not profiled yet" with a subtext: "Profile your code to explore which functions and methods took the longest to run and were called the most, and find out where to optimize it." Below this is a toolbar with buttons for Help, Variable Explorer, Debugger, Profiler, Plots, and Files. The main console window, titled "Console 1/A", displays the following interactions:

```
In [27]: %runfile C:/Users/Farhangian/untitled2.py --wdir
ENTER YOUR PASSWORD: @Leila.m24
valid

In [28]: %runfile C:/Users/Farhangian/untitled2.py --wdir
ENTER YOUR PASSWORD: Sara.12
your password is less than 8 characters

In [29]: %runfile C:/Users/Farhangian/untitled2.py --wdir
ENTER YOUR PASSWORD: ali38
your password is less than 8 characters
Your password doesn't have capital letters!
Your password doesn't have any charactor

In [30]: |
```

At the bottom of the console window, there are tabs for "Python Console" and "History". The status bar at the very bottom indicates the current environment is "Conda: spyder-runtime (Python 3.12.11)", the language server is "LSP: Python", and the cursor is at "Line 48, Col 17". It also shows the encoding as "UTF-8", line endings as "CRLF", and memory usage as "Mem 49%". The system tray at the bottom right shows the time as "7:03 PM" on "9/7/2026" and the language set to "ENG".
